

Product Certificates

WCL maintains a certified Quality Management System per AS9100 and ISO 9001. We retain records for a minimum of 25 years after date of purchase. Certifications on file are also available for customer or government review at our facility, upon reasonable request.

The following are most of the certificates available:

WCL Certificate of Conformance

WCL certifies product compliance with the customer purchase order requirements. This is provided free of charge and is part of the packing list.

WCL Data Certificate

WCL can provide a 1-page certificate listing the required characteristics for products purchased. This is available for a charge of \$10 for each item.

Full Manufacturer Certificates

WCL can provide manufacturing and process certificates that are available on file, for a charge of \$25 for each item ordered.

For other tests or requirements not on file, the charge can vary. Contact a sales representative for those charges.
